**RESPONSE TO ELECTION OF SPECIES REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the Official Action dated October 22, 2004, the following remarks are submitted.

The aforementioned Official Action indicates that the claims in this application are directed to four different species. As identified in the Official Action, the four species are as follows.

Species A shown in Fig. 1.

Species B illustrated in Fig. 3.

Species C depicted in Fig. 4.

Species D shown in Fig. 5.

Based on the observation that the four species are patentably distinct from one another, an election of species requirement has been imposed requiring an election of one of the four species.

In response to the election of species requirement, Applicant hereby elects, with traverse, Species A illustrated in Fig. 1. Claims 1-6 are readable on the elected species.

The election is made with traverse because it is believed that all of the claims of this application can be examined at the same time without serious burden. In one respect, the search required for the non-elected species would be substantially coextensive with that required for the elected species. In addition, examining all of the claims of this application at the same time would only involve consideration of two additional claims. Thus, it is believed that examining all of the claims of this application at the same time would not present a serious burden.

In light of the foregoing, withdrawal of the election of species requirement and examination of all of the claims of this application, including Claims 1-6 readable on the elected species, are respectfully requested.

Should any questions arise in connection with this application, the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
